

## CPS240PAU Power Inverter

Offering household power on the go.

The versatile PowerTrip™ 240 Power Inverter (CPS240PAU) from CyberPower converts your vehicle's 12V DC power to household AC power to rapidly charge and operate a portable DVD player, laptop computer, digital camera, small power tool, or any mobile device that uses up to 150 watts of power using the 12V DC power outlet and up to 240 watts of power using battery clamps (not included) on an automotive battery.

The PowerTrip 240 features one AC household outlet and one 2.1-Amp USB power port. Safety features such as a user-replaceable fuse, surge protection, and automatic shutdown protect your connected devices and automotive battery. Other features include a status LED and a 12V DC plug cable.

A Two-Year Warranty ensures that this product has passed our highest quality standards in design, assembly, material and workmanship.
