

P3WSUC WALL TAP SURGE PROTECTOR

Protect home and office computers, and electronics.

The CyberPower Wall Tap Surge Protector P3WSUC expands a household outlet to safely and conveniently power several devices from a single location. The wall tap design and swivel outlets make it easy to accommodate up to three AC power cords in tight locations. The three USB charging ports also swivel for efficient cord management when charging mobile devices.

The P3WSUC provides peace of mind with 1500 joules of surge protection, safeguarding your connected AC devices and appliances. The EMI/RFI Noise Filter limits electromagnetic and radio frequency interference, so that TV picture and sound quality will not be compromised. Plus, the P3WSUC is backed by a Limited Lifetime Warranty and a \$100,000 Connected Equipment Guarantee.
