

P405UC HOME OFFICE SURGE PROTECTION

Protect home and office computers, electronics, and home theater equipment

The CyberPower Surge Protector P405UC prevents spikes in energy caused by storms and electrical power surges from reaching your home electronics such as audio/video equipment, laptops and desk top computers, household appliances and small electronics. The P405UC provides 1500 joules of surge protection, 4 AC outlets, 1 USB-C charging port, two USB-A charging ports, and a braided 5 foot power cord with a right-angle plug.

Features of the P405UC include automatic shutdown, an EMI/RFI noise filter, metal oxide varistor (MOV) technology, an On/Off switch with integrated 15-Amp circuit breaker, LED indicator, low profile plug, keyhole mounting slots, and damage-resistant construction. This surge suppressor comes with a Limited Lifetime Warranty and a \$100,000 Connected Equipment Guarantee.
