

# PS406UC GLOW & CHARGE USB & AC POWER STATION

Offering home/office environments with power and USB-A and USB-C charging.

The CyberPower Charge & Glow USB & AC Power Station PS406UC keeps a variety of lighted color options and power solutions within reach. The Charge & Glow features 4 AC power outlets, 4 USB-A charging ports, and 1 high-wattage USB-C charging port for large and small devices. Perfect for desk tops or table tops, any high-traffic area of the family home, the PS406UC meets the diverse power needs of today's family.

The multi-color modern glow top of the unit can switch on and off and change color to fit décor. Four outlets provide ample room for transformer-sized plugs. Two outlets on each side keep cords organized while providing 400 Joules of surge protection. The stylish, braided cord stores easily when not in use. The low-profile, right-angle plug fits in tight places. One-year limited warranty included with CyberPower's high standards of design.
