

LCD PDU Firmware v1.2.2 Release Note

INTELLIGNET PDU FIRMWARE RELEASE NOTES

Applicable Products:

PDU31XXX, PDU41XXX, PDU71XXX, PDU81XXX

Version 1.2.2 (Release Date: September 17, 2021)

New Features

- Support Auto Transfer Switch (ATS) series
 - PDU34XXX/PDU44XXX/PDU74XXX/PDU84XXX

Fixes

- Resolves an issue with the LDAP/RADIUS Server Configuration failing intermittently when the settings are saved as "Skip Test" on the Web Interface
- Allows special characters to be used when setting Schedule Name, Outlet Name, Outlet User Name, and AutoPing Name on the Web Interface
- Fixes an issue where information, on daisy chained PDU, fails to load on the Daisy Chain webpage
- Solves a problem with messages not popping up to indicate the logout failed after changing the IP information (Subnet Mask, Gateway) on TCP/IPv4 webpage
