SAFETY PRECAUTION

Before using the USB Battery Pack, please read the following warnings carefully. Use the product according to the procedures described in this manual. Failure to follow these safety precautions may result in fire, explosion, electrical shock or other dangers.

1. Store between 14 to 122°F (-10 to 50°C). Operate between 32 to 104°F (0 to 40°C).
2. Do not immerse this product in water or other liquids, as such use may result in fire or electrical shock. If water or other liquids enter the battery interior, unplug the product immediately from any attached power source and allow it to dry completely.
3. Do not use this product with wet hands. Moisture in or on this product may result in electrical shock.
4. Do not expose this product to a cold or dry environment when not in use.
5. Do not puncture the battery. Puncturing the battery may cause the release of harmful substances.
6. It is normal for the USB Battery Pack to become warm during charging.
7. Ensure that all users read these warnings and instructions before using.
8. Please recycle USB Battery Pack in accordance with local environmental laws and regulations.
9. Do not dismantle, open or shred secondary cells or batteries.
10. Do not expose cells or batteries to heat or fire. Avoid storage in direct sunlight.
11. Do not short-circuit a cell or battery. Do not store cells or batteries haphazardly in a box or drawer where they may short-circuit each other or be short-circuited by other metal objects.
12. Do not remove a cell or battery from its original packaging until required for use.
13. Do not subject cells or batteries to mechanical shock.
14. If the event of a cell leaking, do not allow the liquid to come in contact with the skin or eyes. If contact has been made, wash the affected area with copious amounts of water and seek medical advice.
15. Do not use any charger other than that specifically provided for use with the equipment.
16. Observe the plus (+) and minus (−) marks on the cell, battery and equipment and ensure correct use.
17. Do not use any cell or battery which is not designed for use with the equipment.
18. Do not mix cells of different manufacturer, capacity, size or type within a device.
19. Keep cells and batteries out of the reach of children.
20. Seek medical advice immediately if a cell or a battery has been swallowed.

LEGAL NOTICES

FCC WARNING

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- If the LED indicator extinguishes automatically during the charging process, press the button to revert.

LIMITED PRODUCT WARRANTY

CyberPower offers limited product warranty for the hardware of the USB Battery Pack* and the product is free from material and manufacturing defects for one year. A reasonable purchase proof with date must be provided when applying for repair or replacement. The warranty does not cover defects caused by abuse, alteration, misuse, negligence, incorrect voltage supply, air/water pollution, accidents and natural disasters.
