CONGRATULATIONS ON YOUR PURCHASE

Thank you for selecting the CyberPower MP1020SEC Surge Protector + USB Combo Pack. This manual explains the features and operation of the MP1020SEC Surge Protector + USB Combo Pack. Please take a few moments to read this manual.

FEATURES

1. ON/OFF Reset Control Switch and Circuit Breaker
   Controls power to all outlets. The switch is also a 15 A breaker. When an overload occurs, it will automatically switch off. To resume operation, ensure the overload condition is removed and reset the surge protector by switching the unit ON.

2. Protected LED Indicator
   Illuminated when the surge protection feature is working properly.

3. Standard Grounded Outlets (4)

4. USB Charging Ports* (2)
   Connect and charge up to two (2) USB devices using the USB charging ports.
   *USB ports cannot be used as a USB hub. This device does not transfer data.

SPECIFICATIONS

• Model Number: P403UBGY
• Outlets: Standard Grounded Outlets (4), USB Charging Ports (2)
• Power Cord Length: 3 ft
• Plug Type: Low Profile
• Surge Protection: 500 Joules
• Electrical Rating: 125 V/15 A/1875 W
• USB Charging Rating: 5 V/2.4A total
• UL Clamping Voltage: UL 1449 4th/800 V (L-N)
• Maximum Peak Current: 15,000 A
• 1 AC Line Protected: L-N: 15,000 A (The maximum surge possible on household wiring is 6,000 volts)
• Response Time: Less than 1 nanosecond
• Circuit Breaker: Resettable 15 Amp

TROUBLESHOOTING

▪ If the ON/OFF is switched OFF, the 15 Amp circuit breaker may have tripped. Examine your connected equipment and remove the device that is overloading the circuit. Then, turn the ON/OFF switch back to RESET.

▪ If the protected indicator does not light, the surge protector’s AC lines are no longer protected from surge. The surge protector may have received a power surge or spike beyond its specified limits that overloaded the protection circuitry and rendered it inactive. The surge protector has protected your connected equipment as designed, but it will not protect against future surges, and spikes. It should be replaced.

5-PORT USB CHARGING STATION

TR15UC30

FEATURES

• 1 USB-C charging port (30W PD)
• 4 USB-A charging ports (4.2A shared)
• 5ft Power Cord
• Vertical Stand
• LED Power Indicator

OPERATION

1. Connect the power cord to the charging station and a wall socket.
2. Connect the USB cable to your mobile device and the charging station.
3. Your devices are now being charged.

SPECIFICATIONS

• Model Number: TR15UC30
• USB-C Charging Ports: 1
• USB-A Charging Ports: 4
• USB-C Output: 30W Power Delivery (5 V/3 A, 9 V/3 A, 15 V/2 A, 20 V/1.5 A)
• USB-A Output: 5 V/4.2 A
• Power Cord Length: 5 ft
• Plug Type: Detachable
• Input: 100-240 Vac
1. The product must have been used at all times within the warranty period.
2. The product and connected equipment must have been used properly in a suitable environment, in conformance with any applicable license, instruction manual, or warnings.
3. The warranty covers defects in materials and workmanship in the product under normal use and conditions. This warranty covers the product for as long as you own the product, up to 1 year from the date of purchase.

Who is providing this warranty, and what does it cover?
Cyber Power Systems (USA), Inc. ("CyberPower") provides this 1-year warranty. It only covers the original purchaser and ends if you no longer own the product. This warranty covers defects in materials and workmanship in the product under normal use and conditions. This warranty covers the product for as long as you own the product, up to 1 year from the date of purchase.

What must I do to make a warranty claim?
1. Call us at (877) 297-6937, or write to us at CyberPower Systems (USA), Inc., 4241 12th Avenue East, Suite 400 Shakopee, MN 55379.
2. Identify the product and the purchase date.
3. Provide a dated purchase receipt (or other proof of purchase) that shows that you are the original purchaser.
4. Pack and ship the product to CyberPower.
5. For the restoration of warranty coverage, you may be asked to return the product to us.

Pack and ship the product to CyberPower and all claim resources of recovery/payment that are available to the initial customer, and request a claim number.
1. You must provide a dated purchase receipt (or other proof of the original purchase) for the CyberPower unit and connected equipment. You also need to provide a description of the damage to your connected equipment.
2. Pack and ship the product to CyberPower and all claim resources of recovery/payment that are available to the initial customer, and request a claim number.

Pack and ship the product to CyberPower and all claim resources of recovery/payment that are available to the initial customer, and request a claim number.

CONFORMANCE APPROVALS
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation.

The product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

INSTRUCTIONS
1. Plug the device into a standard grounded wall receptacle by fully inserting the plug and ensure that there are no exposed conductors.
2. Make sure the electronic equipment is turned off before plugging into the device's outlet. Do not use extension cords to connect equipment to the outlet.
3. Connected equipment can now be turned on.

SPECIFICATIONS
- Model Number: GC106U
- Outlets: Standard Grounded Outlet (1), USB Charging Ports (2)
- Power Cord Length: 6 ft
- Plug Type: Low Profile
- Electrical Rating: 125 V/10 A/1250 W
- USB Charging Rating: 5 V/2.4A total

CAUTION
TO REDUCE THE RISK OF ELECTRIC SHOCK - Use only in dry locations and only indoors. DO NOT plug into another relocatable power tap. DO NOT “daisy chain” the devices. DO NOT use with any aquarium equipment. DO NOT use if any properly grounded outlets are not available. DO NOT use for medical or life support equipment.

P40SUBGY features an internal protection that will disconnect the surge protective component at the end of its useful life, but it will maintain unprotected power to the load.

- Hours of Operation: Monday – Friday 7:00am – 6:00pm CST

LIMITED LIFETIME WARRANTY AND CONNECTED EQUIPMENT GUARANTEE
Read the following terms and conditions carefully before using the CyberPower P40SUBGY ("the product"). By using the product, you consent to be bound by the terms and conditions of this warranty (together referred to as this "warranty"). If you do not agree to the terms and conditions of this warranty, you should return the product for a full refund prior to using it.

Who is providing this warranty, and what does it cover?
Cyber Power Systems (USA), Inc. (“CyberPower”) provides this limited lifetime warranty. It only covers the original purchaser and ends if you no longer own the product. This warranty covers defects in materials and workmanship in the product under normal use and conditions. It also covers connected equipment for as long as you own the product.

How do you open a connected equipment claim?
1. Call us at (877) 297-6937, or write to us at CyberPower Systems (USA), Inc., 4241 12th Avenue East, Suite 400 Shakopee, MN 55379.
2. Provide a dated purchase receipt (or other proof of purchase) for the CyberPower unit and connected equipment. You also need to provide a description of the damage to your connected equipment.
3. Pack and ship the product to CyberPower.
4. When you contact CyberPower, identify the product, the purchase date, and the item(s) of connected equipment.
5. You will be notified of the repair cost estimate for the damage to the connected equipment, and all claim forms and instructions for obtaining a repair cost estimate will be mailed to you. If the repair cost estimate is under $15,000 for the P40SUBGY, you must repay all shipping costs. You are responsible for all repair and shipping, and you must pay the cost of the repair estimate.

What will CyberPower do to correct problems?
CyberPower will replace the defective equipment at our expense, or CyberPower will refund the full purchase price you paid for the product (product receipt showing price paid is required). If the equipment cannot be repaired within a reasonable time, we will send you a replacement for your equipment. We will repair or replace the equipment that was damaged because of the failure of the product or pay you the fair market value (NOT REPLACEMENT COST) of the equipment at the time of the damage. We will use Orion Blue Book, another third-party valuation guide, eBay, Craigslist, or other source to establish that amount.

Our maximum liability is limited to $15,000 for the P40SUBGY.
